DETAILED ACTION

EXAMINER'S AMENDMENT

Examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Christopher J. Maier on 11/17/2005. The application has been amended as follows:

Claims

40. The system of claim 4 35 wherein the product is obtained in a first location, used in a second location and deposited in a collection box in a third location.

54. The method of claim 23 53 wherein a prorated credit is issued when the product is returned late or in less than good condition.

Claim 58 is deleted.

Allowable Subject Matter

1. Claims 35-57 are allowed.
2. The following is an examiner's statement of reasons for allowance:

As per claims 35, 49, and 55 the closest prior art of record Shah US 5,028,766 [Shah '766], Phillips- US 5,839,058 [Phillips '058], Peters US 5,769,269 [Peters '269],

Arizona Republic (AR) FINAL CHASER, Section: Weekend Page: D12, taken either individually or in combination with other prior art of record fails to teach or suggest that a customer receives a rental product from a vending machine, that has a mailer and a multi-function label that is to be used, after a predetermined time, for either returning the product to a return center different from where the product was received or alternatively being attached to a second return mailer if the product is not returned to the return center. The specific allowable feature, which distinguishes the present invention over the prior art is a rental product that has and provides the means for either returning the product to a return center different from where it was received or alternatively being attached to a second return mailer if the product is not returned to the return center.

Claims 36-48, 50-54 and 56-57 are dependent upon Claims 35, 49, and 55 respectively and thus have all the limitations of claims 35, 49, and 55 respectively and are allowable for that reason.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
